Elections conducted on behalf of the District are nonpartisan elections governed by the election laws of the State of Idaho and include the election of the Board Trustees, various public policy propositions, and advisory questions.

Board Trustee elections shall be held on the first Tuesday following the first Monday in November in odd-numbered years. Any person legally qualified to hold the position of School District Trustee may file a declaration of candidacy for the office. The declaration must include the name of the candidate, the term for which declaration of candidacy is made, and include the signatures of not less than five school district electors residing in the trustee zone of which the candidate seeks election. Such declaration must be filed with the clerk of the District not later than 5:00 PM on the ninth Friday preceding the day of the election for the subject Trustee position. Any person seeking to become a write-in candidate must file a declaration of intent with the county clerk not later than 45 days before the election date and include the signatures of not less than five school district electors residing in the trustee zone of which the candidate seeks election.

If, after expiration of the date for filing written nominations, it appears that only one qualified candidate has been nominated for a position or if only one candidate has filed a write-in declaration of intent, no election shall be held for that position. The Board or the Clerk, with the written permission of the Board, shall declare such candidate elected as a Trustee. The Clerk shall immediately prepare and deliver to the person a certificate of election signed by him or her bearing the seal of the District. All other scheduled Trustee elections will move forward under the regular procedures.

In each Trustee zone, the Board shall declare the person receiving the greatest number of votes cast within his or her zone as the Trustee elected from that zone.

If any two or more persons have an equal number of votes in any Trustee zone and a greater number than any other nominee in that zone, the Board of Trustees shall determine the winner by a toss of a coin.

REDEFINING TRUSTEE ZONES

The boundaries of the trustee zones in this District are to be defined and drawn so that, as reasonably as may be, each such zone shall have approximately the same population. Trustee zones in this District will be determined to have approximately the same population when the populations of each trustee zone do not vary by more than ten percent (10%).

The Board of Trustees will initiate a proposal to redefine and change trustee zones at the first meeting following the report of the decennial census. In addition, the Board or a patron may propose that a trustee zone be redefined at any time, provided the zones are not changed more than once every five (5) years. Within one hundred twenty (120) days following the report of the decennial census or the receipt of a petition to redefine and change the trustee zones, the Board will prepare a proposal for a change which will equalize the population in each trustee zone. The proposal will include a legal description of each trustee zone as the same would appear pursuant to the proposal, a map of the District showing how each trustee zone would appear, and the approximate population each trustee zone would have, should the proposal become effective.

The Superintendent or designee will be authorized to review the decennial census, or any proposal to change trustee zone boundaries, and determine whether there has been a shift in population which causes the current trustee zones to not contain approximately the same populations. If it is determined that the population has changed so that the trustee zones are not of approximately the same population, the Board will appoint a committee, composed of interested parties, to review the matter. The committee will propose to the Board modifications to the trustee zone boundaries which are intended to equalize the population in the various trustee zones.

The proposal will be submitted to the State Board of Education for approval. The State Board of Education will approve or disapprove of the proposal within sixty (60) days and give notice of its decision to the board in writing. If approved, the trustee zones will change pursuant to the proposal. If disapproved, the Board must submit a revised proposal to the State Board of Education within forty-five (45) days.

IMPLEMENTATION OF PROPOSAL TO REDEFINE TRUSTEE ZONES

At the next regular meeting of the Board following the approval of the proposal, the Board will appoint from its membership a trustee for each new trustee zone to serve as trustee until that incumbent trustee's three (3) year term expires. If the current board membership includes two (2) incumbent trustees from the same new trustee zone, the Board will select the incumbent trustee with the most seniority as the trustee to serve the remainder of his or her three (3) year term. If both incumbent trustees have equal seniority, the Board will choose one (1) of the trustees by the drawing of lots. If there is a trustee vacancy in any trustee zone, the Board will appoint an individual residing in the trustee zone to serve as trustee until the next annual meeting.

Negotiated Agreements

Electronic Signatures

Electronic signatures or digital signatures can take many forms and can be created using many different types of technology. For the purpose of this policy an electronic signature means any electronic identifier intended by the person using it to have the same force and effect as a manual signature.

District Use of Electronic Signatures

When not practical or possible to have an approved individual physically sign a document, and not otherwise prohibited by applicable laws, electronic signatures may satisfy the requirement of a written signature when transacting business with and/or for the District and/or with parents/guardians when the authenticity and reliability of such electronic signature(s) meets the provisions of this policy. In such instances, the electronic signature shall have the full force and effect of a manual signature.

In order to qualify for acceptance of an electronic signature the following additional requirements are applicable:

1. The electronic signature identifies the individual signing the document by his/her name and title;
2. The identity of the individual signing the document with an electronic signature is capable of being validated through the use of an audit trail;
3. The electronic signature, as well as the documents to which it is affixed, cannot be altered once the electronic signature is affixed. If the document needs to be altered, a new electronic signature must be obtained; and
4. The electronic signature conforms to all other provisions of this policy.

The District shall maintain District electronically-signed records in a manner consistent with the District's document retention policies, yet also capable of accurate and complete reproduction of the electronic records and signatures in their original form. Such retention should include a process whereby the District can verify the attribution of a signature to a specific individual, detect changes or errors in the information contained in the record submitted electronically and protect and prevent access and/or manipulation or access/use by an unauthorized person.

The District shall maintain a hard copy of the actual signature of any District employee authorized to provide an electronic signature in connection with school board business.

Abuse of the electronic signature protocols by any District employee serves as grounds for disciplinary action up to and including termination.

Parent/Student Use of Electronic Signatures

With regard to documentation received by the District with an electronic signature from a parent/legal guardian, so long as the following provisions are met, the District may receive and accept such electronic signature as an original document:

1. Such communication with signature, on its face, appears to be authentic and unique to the person using such signature;
2. The District is unaware of any specific reason to believe that the signature has been forged;
3. The District is unaware of any specific reason to believe the document has been altered subsequent to the electronic signature; and
4. The signature is capable of verification.

The District’s Superintendent or designee may, at his/her discretion, request that an original of the electronic communication, signed manually by hand, be forwarded to the District in a timely manner.

District personnel may periodically audit the authenticity of such signature via a security procedure including such acts as making follow-up inquiry to the individual/entity who has submitted an electronic signature.

Should it be discovered that a student has falsified a parent’s electronic signature on an official District document, the student may be subjected to discipline, and the District Administration is authorized, at their discretion, to thereafter only accept manual signatures associated with any submitted school document.

REVISED: 1/11/16

9/12/16

The adoption of new policies and the revision and amending of existing policies shall be the sole responsibility of the Board of Trustees.

All policies shall conform to local, state, and federal laws as well as to the rules and regulations of the State Board of Education.

Adoption and Amendment of Policies

Proposed new policies and proposed changes in existing policies shall be presented in writing for reading and discussion at a regular or special Board meeting. Such proposals may be referred to the Superintendent for detailed study as needed prior to Board action on the proposal. The Board encourages the Superintendent to contact other experts to have potential policies researched. Interested parties, including any Board member, citizen, or employee of the District may submit views, present data or arguments, orally or in writing, in support of or in opposition to proposed policy. Any written statement by a person relative to a proposed policy or amendment should be directed to the Clerk of the Board prior to the second reading.

Proposed new policies and proposed changes in existing policies shall undergo a minimum of two (2) readings in the following manner:

1. At a regular or special Board meeting, the proposed new or revised policy shall be presented in writing for reading and discussion.
2. The final vote for adoption shall take place not earlier than at the second reading of the particular policy.

Although approval of a new or amended policy requires a minimum of two (2) readings, temporary approval may be granted by the Board in lieu of formal policy to meet emergency conditions or special events which will take place before formal action can be taken.

All new or amended policies shall become effective upon adoption, unless a specific effective date is provided in the motion for adoption.

Policies as adopted or amended shall be made a part of the minutes of the meeting at which action was taken and shall be included in the District's policy manual. The board will cause Policies of the District to be reviewed periodically unless otherwise detailed in a specific policy.

Administration in Absence of Policy

In cases where action must be taken before the next Board meeting and where the Board has provided no policies or guides for administrative actions, the Superintendent shall have the power to act.

His or her decisions, however, shall be subject to review by action of the Board at its next regular meeting. In addition, it shall be the duty of the Superintendent to inform the Board of

such action and the need for policy.

Suspension of Policies

Under circumstances which require a waiver of a policy, policy may be suspended by a majority vote of the members present. In order to suspend a policy, all trustees must have received written notice of the meeting which included a proposal to suspend the policies with an explanation of the purpose of such proposed suspension. If such a proposal is not made in writing in advance of the meeting, the policies may only be suspended by a unanimous vote of all trustees present.

Policy Manuals

The Superintendent or designee shall develop and maintain a current policy manual which contains the policies of the District. Each administrator, as well as staff, students and other residents, shall have ready access to the manual. All policy manuals distributed to anyone shall remain the property of the District and shall be subject to recall at any time.

Each year, the Board of Trustees shall create a collaborative continuous improvement plan designed to improve student achievement in the District, assess and prioritize needs, and measure outcomes.

The Board shall work with the Superintendent to engage students, parents, teachers, administrators, and community members as appropriate in the planning process.

1. Be data driven, specifically in student outcomes, use multiple measures, and shall include, but not be limited to, analysis of demographic data, student achievement and growth data, graduation rates, and college and career readiness;
2. Set clear and measurable benchmarks based on student outcomes. At minimum the Board shall established benchmarks for:
 - a. Career and College Readiness: The number and percentage of students meeting the college ready benchmark in mathematics and English Language Arts on a state recognized college entrance exam. Improvement shall be measured by year-over-year growth in the percentage of students meeting the college readiness benchmark.
 - b. High School Readiness: The number and percentage of students meeting proficient or advanced on the 8th grade Idaho Standards Achievement Test in mathematics and English language usage. Improvement shall be measured by year-over-year growth in the percentage of students scoring proficient or advanced.

Improvement shall be measured by year-over-year growth in the percentage of students scoring proficient or advanced.

3. Include a clearly developed and articulated vision and mission;
 4. Include key indicators for monitoring performance;
 5. Include student literacy and proficiency goals and targets, and specify measures of progress toward those outcomes. These goals and targets shall be based on comparisons between similar cohorts of students in similar schools and school districts;
 6. Include, as applicable to the grade ranges served, trajectory growth targets toward literacy proficiency;
 7. Include, as applicable to the grade ranges served, college and career advising and mentoring goals and how progress toward those outcomes will be measured;
 8. Include the individual staff performance on each of the performance criteria defined in 33-1001, Idaho Code, including measurable student achievement, student success indicator targets, and the percentage of students meeting those targets. Data will be aggregated by grade range, subject, or performance indicator as determined by Idaho's Commission for Education Excellence through the office of the State Board of Education; and
 9. Include a report of progress toward the previous year's improvement goals.

The Board may engage in planning training to assist in the process and the development of the plan. Qualified planning training may be reimbursable by the State through the process outlined in Idaho State Board of Education rule.

REVISED:

Every reasonable means of communication is encouraged throughout the education community. Nevertheless, an organization must maintain some order and structure to promote efficient and effective communications.

Staff Communications to the Board

All official communications or reports to the Board from principals, supervisors, teachers, or other staff members shall be submitted through the Superintendent. This shall not deny any staff member's right to appeal to the Board from administrative decisions, provided that the Superintendent shall have been notified of the forthcoming appeal and that it is processed according to the applicable procedures for complaints and grievances.

Board Communications to Staff

All official communications, policies and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will employ all such media as are appropriate to keep staff fully informed of the Board's concerns and actions.

Visits to Schools

Trustees should make a point to visit each school of the District not less than once each school year to examine its condition and needs. Individual Board members interested in visiting schools should, out of courtesy, make arrangements for visitations through the principals of the various schools. Such visits shall be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes.

Social Interaction

Staff and Board members share a keen interest in the schools and education. When they meet at social affairs and other functions, informal discussion on such matters as educational trends, issues, and innovations and general District problems can be anticipated.

REVISED:

Use of electronic mail (e-mail) by members of the Board will conform to the same standards of judgment, propriety, and ethics as other forms of school Board-related communication. Board members will comply with the following guidelines when using e-mail in the conduct of Board responsibilities:

1. The Board will not use e-mail, communications via social media, or other electronic communications as a substitute for deliberations or voting at Board meetings or for other communications or business properly confined to Board meetings.
2. Board members will be aware that e-mail and e-mail attachments received or prepared for use in Board business or containing information relating to Board business (regardless of whether sent or received on a school owned computer or personally owned computer) may be regarded as public records, which may be inspected by any person upon request, unless otherwise made confidential by law.
3. Board members will note that individual postings made to social media sites should be considered carefully in light of how they would reflect on the poster, the Board of Trustees, and the District. Opinions expressed by staff on a social networking website have the potential to be disseminated far beyond the speaker's desire or intention, and could undermine the public perception of fitness of the individual to serve students' interests. Individual Board member postings are an act of the individual and are not an act of the Board.
4. Board members will avoid reference to confidential information about employees, students, or other matters in e-mail communications, because of the risk of improper disclosure or unsecure websites. Board members will comply with the same standards as school employees with regard to confidential information.

"Deliberation" is defined as the receipt or exchange of information or opinion relating to a decision, but shall not include informal or impromptu discussions of a general nature which do not specifically relate to a matter then pending before the public agency for decision.

Expenses for Board Members at Out-of-District Meetings

Trustees normally attend workshops, training institutes, and conferences at both the state and national level. It is appropriate that trustee expenditures at these out-of-District meetings be paid by the District from the general fund. It is the intent of the District to pay all legitimate costs for trustees to attend out-of-District meetings, at the established rates for reimbursement set by the District:

Meeting Defined

A meeting is defined as the convening of the Board of Trustees to make a decision or to deliberate toward a decision on any matter. Trustees may participate in Board meetings via electronic means, including telephonic or video conferencing devices, provided at least one member of the Board of Trustees or Superintendent is physically present at the meeting location.

Regular Meetings

Unless otherwise posted:

1. All meetings will be held 160 Gooding Street West unless noticed otherwise.
2. Regular meetings shall be held on the second Monday and the fourth Wednesday of each month at 7:00 PM or 5:00 PM unless noticed otherwise.

Emergency Meetings

In the event of an emergency involving possible personal injury or property damage, immediate financial loss, or the likelihood of injury, damage, or loss, the Board may meet immediately and take official action without prior notification when the notice requirements would make such notice impracticable or increase the likelihood or severity of such injury, damage, or loss. The reason for the emergency meeting shall be stated at the outset of the meeting.

Budget Meetings

No later than 28 days prior to its regular July meeting, the Board shall have prepared a budget, in the form prescribed by the State Superintendent of Public Instruction, and shall hold a public hearing. At such public hearing or at a special meeting held no later than 14 days after the public hearing, the Board shall adopt a budget for the ensuing year. Notice of the budget hearing shall be posted and published as prescribed in Idaho Code. From the time noticed, a copy of the budget shall be available for public inspection during regular business hours.

Special Meetings

Special meetings may be called by the Chair or by any two Trustees. If the time and place of special meetings has not been determined at a meeting of the Board with all members present, then written notice of a special meeting, stating the purpose of the meeting, shall be delivered to each Trustee not less than 24 hours prior to the time of the meeting. Such written notice shall be posted conspicuously at the District Office or at the building where the meeting is to be held, and on the District webpage. Business transacted at a special meeting will be limited to that stated in the notice of the meeting.

Executive Sessions

Pursuant to Idaho Code, upon a 2/3 roll call vote recorded in the minutes of the meeting, the Board may hold an executive session after the Board Chair has expressly identified the specific legal authorization for holding an executive session and provided sufficient detail to identify the general purpose and topic of the executive session. However, the information provided shall not compromise the purpose of going into an executive session. Only in the event that Board vacancies, and not absences, prevent a 2/3 majority from being present, a simple majority vote to enter executive session may be called.

An executive session may be held for, and only for, the following purposes:

1. To consider hiring a public officer, employee, staff member, or individual agent wherein the respective qualities of individuals are to be evaluated in order to fill a particular vacancy or need. Please note this does not apply to filling a vacancy in an elective office or deliberations about staffing needs in general.
2. To consider the evaluation, dismissal, or disciplining of; or to hear complaints or charges brought against a public officer, employee, staff member or individual agent, or a student.
3. To acquire an interest in real property that is not owned by a public agency.
4. To consider records exempt from public disclosure.
5. To consider preliminary negotiations involving matters of trade or commerce in which the Board is in competition with other governing bodies in other states or nations.
6. To communicate with legal counsel and to discuss any legal ramifications and/or legal options for pending litigation or possible legal controversies not yet being litigated, but imminently likely to be litigated. The presence of legal counsel at executive session is not sufficient to satisfy this requirement.
7. To communicate with a representative of the District's risk management or insurance provider to discuss a pending claim or prevention of a possible claim imminently likely to be filed. The presence of a risk management or insurance provider at executive session is not sufficient to satisfy this requirement.
8. To conduct deliberations regarding labor negotiations. *Note: The Board may still deliberate regarding labor negotiations and may caucus regarding negotiations in Executive Session. However, all actual negotiations between the parties; such as the exchange of offers, counteroffers, and exchange of documents; must be conducted in open session.*

The only actions that are allowed to take place within executive session are making a determination to place a certified professional employee on probation or taking action on a student disciplinary hearing.

If only an executive session will be held, a 24-hour meeting and agenda notice shall include the date, time, place, items to be discussed, and the specific provision of law authorizing the executive session. The Board will not change the subject within the executive session to any subject not identified within the motion to enter executive session or to any topic for which an executive session is not provided.

Unofficial minutes shall be delivered to Board Members in advance of the next regularly scheduled meeting of the Board. Minutes need not be read publicly, provided that Members have had an opportunity to review them before adoption. A file of permanent minutes of Board meetings shall be maintained in the office of the clerk, to be made available within a reasonable period of time after a meeting for inspection upon the request.

Minutes of Executive Session

The clerk shall keep written minutes of executive session. Said minutes shall be limited to a specific reference to the Idaho code subsection authorizing the executive session and sufficient detail to provide the general subject matter to identify the purpose and topic of the executive session. Formation of Public Policy at Open Meetings

The District recognizes that the formation of public policy is public business and shall not be conducted in secret. The District further recognizes the goal of the Open Meeting Law is compliance, and that in order to achieve compliance, the District must have the ability to correct any errors.

Violations

If an action, or any deliberation or decision-making that leads to an action, occurs at any meeting which fails to comply with the guidelines set forth in Idaho's Open Meeting laws, such action shall be null and void.

The Board may self-recognize an open meeting violation or receive written notice to the Clerk of the Board of an alleged violation. A civil complaint filed and served upon the Board may serve as written notice.

An individual Board member who conducts or participates in a meeting which violates the Open Meeting Law is subject to a civil penalty of up to two hundred fifty dollars (\$250.00). A knowing violation is subject to a civil penalty of up to one thousand five hundred dollars (\$1,500.00). A second knowing violation within a twelve-month time period is subject to a civil penalty of up to two thousand five hundred dollars (\$2,500).

Cure Provision

A violation may be cured by the Board upon:

1. The Board's self-recognition of a violation; or
2. Receipt by the Clerk of a written notice of an alleged violation. A civil complaint filed and served upon the Board may be substituted for other forms of written notice. Upon notice of an alleged open meeting violation, the Board shall have 14 days to respond publicly and either acknowledge the open meeting violation and state an intent to cure the violation or state that Board has determined that no violation has occurred and that no cure is necessary. Failure to respond shall be treated as a denial of any violation.

Following the Board's acknowledgment of a violation, the Board shall have 14 days to cure the violation by declaring as void all actions taken at or resulting from the meeting in violation of the Open Meeting Law.

Within 14 days of acknowledging the violation, and stating an intent to cure, the Board shall cure the violation by holding a properly noticed meeting to address the voided actions. The Board may then address the voided actions and lawfully take the desired action in accordance with the

Open Meeting Law. Curing the violation in this manner bars any civil penalty for an unintentional violation. Private enforcement actions are stayed during the cure period.

Ratification

Any suit brought for the purpose of having an action or decision declared null and void must be commenced within 30 days of the decision or action that results from an open meeting violation. Actions taken in violation of the Open Meeting Law are not void unless they are challenged within 30 days. Even where an action is not challenged within 30 days, it is the best practice to cure any known violation by holding a meeting in accordance with the law to ratify a decision or action that results from an open meeting violation.

REVISED:

The Board should adhere to the normal chain of command when dealing with the complaints, grievances or problems of any individual, whether it be a patron or employee of the district. Everyone with such a complaint or grievance should be directed first to the immediate supervisor, then to the principal, then to the Director of Elementary or Secondary Programs, then to the Superintendent before having any such matter brought before the Board.

This limitation is not intended to restrict the accessibility of Board members, but is necessary in order to establish and maintain an effective, equitable procedure for handling all such matters.

The Board, individually and collectively, encourages openness with all patrons and employees of the district and recognizes that there may be exceptional circumstances which require direct intervention by the Board. However, this can only be accomplished with the approval of a majority of the Board.

In order to assist the Board in improving the scope and quality of education in the district, representative patrons from the school district and consultants from outside the school district may be chosen from time to time to constitute a committee or committees for such purposes.

The selection of members, when not otherwise determined by the Collective Bargaining Agreement, tenure of office and projects to be undertaken shall be determined by the Board.

The order of business at a regular meeting of the Board of Trustees shall be:

Call to Order

Approval of Agenda (Additions and Deletions)

Unscheduled Delegations (Audience to Address the Board)

Consent Calendar

Approval of Minutes

Approval of Financial Report

Approval of Accounts Payable

Approval of Resignations

Approval of New Employees

BOARD AGENDA ITEMS

It is the policy of the Board that items of business may be suggested by Board members, clerk, administration, or patrons of the District for inclusion on the agenda for future Board meetings. The following policy will be used in placing business items on the agenda:

- A. All requests for placement on the agenda, other than regular business items must be submitted in writing to the Clerk of the Board no later than noon five (5) days prior to the Board meeting. Board members, however, may submit items of urgency after the Wednesday date.
- B. Requests for placement on the agenda will be referred by the Clerk for initial review. The Superintendent or designee will determine if the request should be addressed by the Board, a Board committee, or by the administration. If the request should be addressed by the Board, it will be placed on the agenda for discussion or placed in a pending file. The person submitting the request will be notified of the decision.
- C. Recommended agenda items will be reviewed by the Superintendent and the Chairman of the Board of Trustees prior to finalizing the agenda.
- D. Items in a pending file will be placed on the agenda within sixty (60) days and the person submitting the request will be notified.
- E. If any business item has been before the Board of Trustees and action has been taken, the item will not be reconsidered unless a Board member who voted on the prevailing side asks for reconsideration of the item. If the reconsideration vote is successful, the item is entitled to be placed on the agenda as legitimate business.
- F. Business items may not be suggested from the people attending the meeting for discussion and/or action at a regular meeting except at the discretion of the Chairman or the majority of the Board members.
- G. In special Board Meetings, only items appearing on the agenda may be discussed.
- H. Additions to, or changes in, Board policy will be voted upon at the next meeting following introduction, except when adopting policy which is already in law.

As a member of my local Board of trustees, I will strive to improve student achievement in public education, and to that end I will:

Attend all regularly scheduled Board meetings insofar as possible, having read my packet, ensuring that I am informed about the issues to be considered at the meetings;

Recognize that the Board must comply with the Open Meeting Law and only has authority to make decisions at official Board meetings;

Make all decisions based on the available facts and my independent judgment, and refuse to surrender that judgment to individuals or special interest groups;

Understand that the Board makes decisions as a team. Individual Board members may not commit the Board to any action unless so authorized by official Board action;

Recognize that decisions are made by a majority vote and the outcome should be supported by all Board members;

Acknowledge that policy decisions are a primary function of the Board and should be made after full discussion at publicly held Board meetings, recognizing that authority to administer policy rests with the Superintendent;

Be open, fair and honest – no hidden agendas, and respect the right of other Board members to have opinions and ideas which differ from mine;

Recognize that the Superintendent is the Board's advisor and should be present at all meetings unless prior arrangements have been made in conjunction with the Board Chair. In addition, the Superintendent will not be present when they are the subject matter or when their presence is a conflict of interest;

Understand the chain of command and refer problems or complaints to the proper administrative office while refraining from communications that may create conditions of bias should a concern ever rise to the attention of the Board as a hearings panel;

Keep abreast of important developments in educational trends, research and practices by individual study and through participation in programs providing such information;

Respect the right of the public to be informed about District decisions and school operations;

Understand that I will receive information that is confidential and cannot be shared;

Give staff the respect and consideration due skilled, professional employees and support the employment of those best qualified to serve as District staff, while insisting on regular and impartial evaluation of all staff;

Present personal criticism of District operations to the Superintendent, not to District staff or to a Board meeting;

Refuse to use my Board position for personal or family gain or prestige. I will announce any conflicts of interest before Board action is taken; and

Remember always that my first and greatest concern must be the educational welfare of the students attending the public schools.

Because the Board, as the policy making authority of the school system, is responsible to the public for the success of all educational services offered by the school system; and because that success is directly dependent upon each Board member's comprehension of system-wide operations and the member's ability to participate meaningfully in the decision-making process, the Board will provide, as soon as practicable, for the orientation of new members. The purpose of the orientation is to help them become acquainted with their duties and responsibilities as members of the Board.

In keeping with the need for continued boardmanship development, the Board encourages the participation of its members at appropriate Board conferences, workshops, conventions and District-sponsored in-service training sessions. Funds for participation at such meetings will be budgeted on an annual basis.

REVISED:

The Twin Falls School District Board of Trustees realizes that proper Board training is important. Decisions about school policy, personnel, finance, curriculum, and communications can be overwhelming and may require training. Training Board members to be effective leaders and decision makers is an educational investment that benefits the entire community. The Board believes that with proper training, it can create a positive and productive atmosphere for decision making. There needs to be strong leadership among Board members demonstrated by teamwork, effective communication, problem-solving skills, and positive relationships between the Board and the Superintendent.

The Board places a high priority on the importance of a planned and continuing program of in-service education for its members. The central purpose of the program is to enhance the quality and effectiveness of public school governance in our community. The Board shall plan specific in-service activities designed to assist members in their efforts to improve their skills as members of the policy-making body; to expand their knowledge about trends, issues, and new ideas affecting the continued welfare of our local schools; and to deepen their insights into the nature of leadership in a modern democratic society.

Funds may be budgeted annually to support the program. Qualified training in continuous improvement planning, finance, superintendent evaluation, ethics, and governance may be reimbursable by the State through the process outlined in Idaho State Board of Education rule. Individual board members shall be reimbursed for out-of-pocket expenses, as prescribed in Policy 1420 Trustee Expenses, incurred through participation in approved activities.

The Board, as a whole, shall retain the authority to approve or disapprove the participation of members in planned activities. The public shall be kept informed through the news media about the Board's continuing in-service education and about the programs anticipated for short- and long-range benefits to our schools.

The Board regards the following as examples of activities and services appropriate for implementing this policy:

1. Participation in school board conferences, workshops, and conventions held by the state and national school boards associations;
2. District-sponsored training sessions for board members; and
3. Subscriptions to publications addressed to the concerns of board members.

In order to control both the investment of time and funds necessary to implement this policy, the Board establishes these principles and procedures for its guidelines:

1. A calendar of Board conferences, conventions, and workshops shall be maintained by the Superintendent. The Board will periodically decide which meetings appear to be most promising in terms of producing direct and indirect benefits to the District.

2. Funds for participation at such meetings will be budgeted on an annual basis. When funds are limited, the Board will designate which of its members would be the most appropriate to participate at a given meeting.
3. When a conference, convention, or workshop is not attended by the full Board, those who do participate will be requested to share information, recommendations, and materials acquired at the meeting.

Board members are encouraged to attend workshops presented by the state and national school boards associations.
